GENERAL NOTES

- I. These illustrations are representative of general conditions.
- 2. The intensity of light and the position of panels shall be as specified in Index No. 600.
- 3. The Advance Warning Vehicle (Optional) may be used at the direction of the Engineer, If an Advance Warning Vehicle is operated within the travel way, an approved Truck Mounted Attenuator will be required on the Advance Warning Vehicle but not required on the Shadow Vehicle. The Advance Warning Arrow Panel and Warning Sign are required on both the Advance Warning and Shadow Vehicles.
- 4. For general TCZ requirements and additional information refer to Index No. 600.
- 5. If the work vehicle speed exceeds the minimum legal speed limit on limited access facilities and one half the posted speed limit on other facilities the engineer in charge may delete requirements for shadow vehicle and attenuators. The work vehicle will be required to have an advance warning arrow panel and sian message
